CONNECTING MEMORIES

Keynote Lecture:

‘Transgenerational memories in artworks by children and grandchildren of victims of Pinochet’s dictatorship.’

Dr Alicia Salomone

University of Chile

Friday, 30th November 2018 at 5.30pm

50 George Square (G.01), Edinburgh

Photo: Vicereñado de Educación y Comunicaciones, Universidad de Chile

Dr Salomone’s current research focuses on questions of memory in post-dictatorship Chile.

Connecting Memories is a collaborative interdisciplinary research initiative opening up a space for previously unconnected scholars working on memory to interact, to share their perspectives and reflections on what memory means in the context of their research.
